Partnering with you at every step

RZFD-190-2/4 Colors

Roll Feeding Square Bottom
Paper Bag Machine With Printing

MTED RZFD-190-2/4 Colors is a roll to roll automatic square bottom paper bag making machine with printing unit, suitable for different paper material.

It features servo control, compact design, and high productivity with max. 240bags/min.

It's the ideal choice for small to medium size square bottom paper bag manufacturing in a broad range of industries.

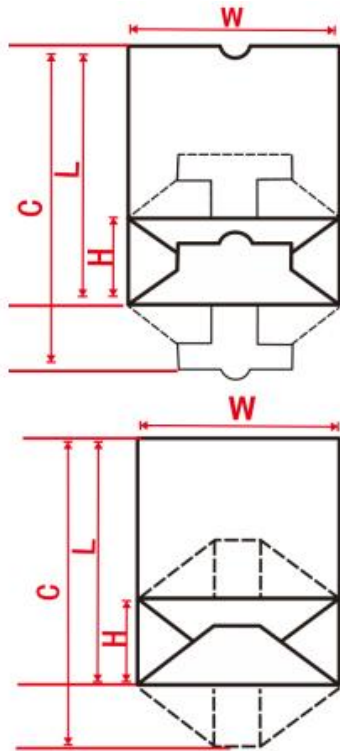

Features

Features

- Adopt France/SCHNEIDER touch screen human-computer interface, operate and control easily.
- Adopt Germany original REXROTH PC control, Integrated with optical fiber, ensure high speed running steadily.
- Germany original REXROTH servo motor and German original SICK Photoelectric eye correction, tracking printing bag accurately.
- Raw material load adopt pneumatic cylinder up and down structure, unwinding adopt auto tension control.
- Raw material unwinding EPC adopt Italy SELECTRA, reduce adjustment time.
- Inline printing 2/4/6 colors
- AC-conditioned electrical cabinet
- Integrated intrinsic safety- CE compliant
- Remote control let us track your production in real time

Technical Data

Technical Data	RZFD-190-2/4 Colors
Machine speed	30-240pcs/min
Paper bag length	190-370mm
Paper bag width	80-200mm
Paper bag bottom width	50-105mm
Paper thickness	45-130g/m ²
Paper roll width	280-640mm
Roll paper diameter	Φ1300mm
Inner diameter of paper	Φ76mm
Registration precision	≤±0.15mm
Printing speed	5-100m/min
Machine power	380V 3(phase) 4(wire) 24kw
Machine weight	9000kg
Machine Dimension	12500x3200x2800mm

MTED also offers:

- Flat and Satchel Paper Bag Machine
- Paper Bag Making Machine With Handle
- Flexo Printing Machine
- Twisted Paper Handle Making Machine
- Twisted Paper Rope Making Machine
- Rope Rewinding Machine
- Flat Paper Handle Making Machine
